

**There's a monster in your house.  
It eats energy. And it's very hungry.**

**It's your old duct system.**

Are there hot or cold spots in your home? Poor airflow? Are your energy bills high? You could have a monster in your home – your old duct system. Just like other features of your home, ducts get old and need to be replaced. If your home is more than ten years old, you should consider Owens Corning Duct Solutions. They help provide better airflow, better air quality, lower energy bills and a more comfortable home year-round. Is there a monster in your house? Visit [eliminatethemonster.com](http://eliminatethemonster.com) or call **1-800-GET-PINK™** to find out.
